

My name is Allan Crosthwaite and I am a candidate for trustee. I have been a Library Assistant at Riverside for fifteen years. I assisted in the certification process for CUE and participated in creating our constitution in 1996-1997. I served as a state wide Executive Board Representative for Riverside for two terms and I was Riverside's strike captain for the last strike. CUE is in need of reliable trustees and I am here to serve as one if I am elected.
